**1c. HOURLY RATES: (Services Only)**  
**To be completed by contractor on text file submission**

**2. MAXIMUM ORDER\*:**  
**SIN 246-36:** \$100,000 per SIN/per order

\*Ordering activities may request a price reduction at any time before placing an order, establishing a BPA, or in conjunction with the annual BPA review. However, the ordering activity shall seek a price reduction when the order or BPA exceeds the simplified acquisition threshold. Schedule contractors are not required to pass on to all schedule users a price reduction extended only to an individual ordering activity for a specific order or BPA.

**3. MINIMUM ORDER: \$100.00**

4. **GEOGRAPHIC COVERAGE:** Domestic, 50 states, Washington, DC, Puerto Rico, US Territories
5. **POINTS OF PRODUCTION:**  
Abloy Security Inc.  
6005 Commerce Dr, Suite 330  
Irving, TX 75063, Dallas County  
972/753-1127 972/753-0792 fax
6. **DISCOUNT FROM LIST PRICES:** *For calculation of the GSA Schedule price (price paid by customers ordering from the GSA Schedule, and the price to be loaded in to GSA Advantage), deduct the appropriate basic discount from the list price and add the prevailing IFF rate to the negotiated discounted price (Net GSA price). The current IFF is .75% and should be calculated as follows: Negotiated price divided by (1 minus .0075) which equates to Negotiated price divided by 0.9925. Example: (\$100,000 / 0.9925) = \$100,755.67*
7. **QUANTITY DISCOUNT(S):** None
8. **PROMPT PAYMENT TERMS:** Net 30. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.
- 9.a **Government Purchase Cards must be accepted at or below the micro-purchase threshold.**
- 9.b **Government Purchase Cards are accepted above the micro-purchase threshold. Contact contractor for limit.**
- 10a. **FOREIGN ITEMS:** Country of origin for manufacture of Abloy padlocks is Finland. Lock assembly and key cutting functions performed in USA.
- 11a. **TIME OF DELIVERY:** 1-500 pieces: 3 weeks; 500+ pieces: 6 weeks
- 11b. **EXPEDITED DELIVERY:** Two days
- 11c. **OVERNIGHT AND 2-DAY DELIVERY:** None Offered.
- 11d. **URGENT REQUIRMENTS:** Customers are encouraged to contact the contractor for the purpose of requesting accelerated delivery.
12. **FOB POINT:** Destination
- 13a **ORDERING ADDRESS:**  
By U.S. Mail - Abloy Security, Inc, 6005 Commerce Drive, Suite 330, Irving, TX 75063

## WARRANTY AND MAINTENANCE OF AN ABLOY® PL SERIES PADLOCK

ABLOY Security, Inc. (ABLOY) warrants ABLOY PL-Series Padlocks, on either the 'Classic', 'Profile', 'SENTRY' or 'PROTEC' keyways, will remain functional for the lifetime of the Products when exposed to the natural environment. If this Product fails to function due to environmental damage, defects in material, workmanship or normal wear, ABLOY will, at its option, repair or replace the Product. The warranty does not include repair or replacement necessitated due to damage caused by use of a non-ABLOY key, damage by physical attack, or modifications to the Product. This warranty also does not cover normal key wear. Any repair or replacement outside the scope of this warranty shall be at ABLOY's rates and terms then in effect. Product must be cleaned and lubricated on a regular basis, based on the environment the Product will be exposed to. Refer to maintenance procedures shown below.

This warranty is valid only on Products supplied by ABLOY Security, Inc., Irving, TX

If this Product fails to function properly as warranted above, your sole and exclusive remedy shall be repair or replacement as provided above. In no event will ABLOY or its parent company be liable to customer or any third party for any damages in excess of the purchase price of the Product. ABLOY's liability is limited to the free repair or replacement of defective Products or parts thereof in accordance with the provisions of this clause, and except as provided herein all conditions, warranties, terms or representations, whether express or implied, statutory or otherwise, and all other obligations or fitness for a particular purpose of the Products are hereby excluded. ABLOY will not be liable for personal injury or incidental or consequential damages, arising out of or in connection with the Products or the use, delivery, or performance thereof.

In the unlikely event warranty service is required: Call ABLOY at the below number to receive a Return Goods Authorization (RGA) number. Then mail or ship Product, with the correct operating key to ABLOY. Product must be packaged properly and insured, with all inbound shipping charges prepaid. ABLOY is not responsible for uninsured Product lost or damaged in transit.

### 1. LUBRICATION INSTRUCTIONS

For proper function and long lifetime, **ABLOY®** padlocks need to be maintained regularly. Fortunately maintenance is exceptionally easy: Spraying of lubricant inside the keyway once a year is enough to ensure proper and comfortable function of a lock in normal environmental conditions. In other cases such as harsher environmental conditions lubrication is recommended to be done one time per month.

Use only mineral oils; do not use graphite or natural basic oil. These types of lubricants will glue discs and washers together, within time this causes jamming in lock operation.

**ABLOY®** recommends the following lubricant:

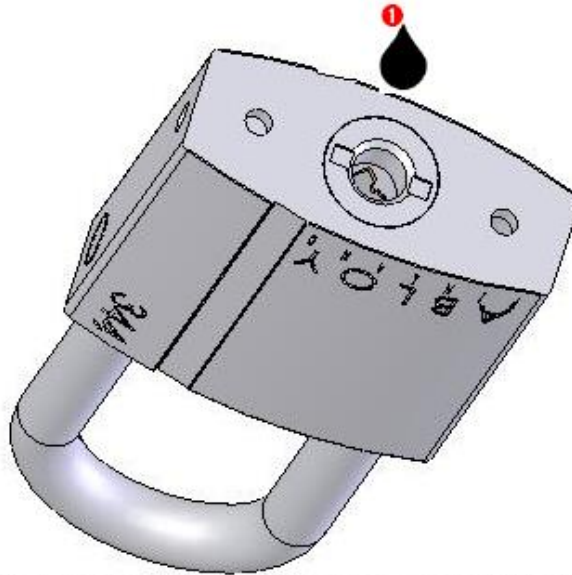

CRC 2-26 Aerosol or equal

**Product Code 02004: 5 oz Aerosol**

**Product Code 02005: 11 oz Aerosol**

**Available from: CRC Industries, Inc. Distributors Nationwide**

885 Louis Drive, Box 5000  
Warminster, PA 18974-0586  
Tel: 215-674-4300  
Fax: 215-674-2196  
[www.crcindustries.com](http://www.crcindustries.com)

**1** In harsh environmental conditions, lubrication is recommended to be done one time per month. To ensure proper lubrication, insert the key and rotate it clock- and counter-clockwise a few times after application of lubricant. Aerosol oil: two or three short bursts are enough to ensure proper lubrication.

## 2. CLEANING INSTRUCTIONS

During the use of a padlock the internal spring mechanism and tail piece gather dirt. This dirt will eventually cause problems to the functionality of the lock. It is possible to clean the lock by following these instructions and maintain the good level of operation by an **ABLOY®** lock.

1. Open the lock.
2. Turn the lock into the horizontal position so that the short, disengaged side of the shackle is on top, facing upwards (make sure that the lock is either in horizontal position or so that the key channel is pointing slightly upwards).
3. Spray Loctite 7070, or similar, cleaning solution into the locking ball area so that the fluid can run inside the lock.
4. Turn the key 4 to 5 times in order to loosen the debris inside the lock.
5. Repeat steps 3 and 4 until the cleaning solvent, which comes out of the lock from the longer side of the shackle, is relatively clear.
6. Let the lock dry before using it so that the solvent doesn't attract more debris inside the lock.

Do not use oil based cleaning solutions or oil the locking balls after cleaning! Oil and grease attract debris to the spring mechanism!

This cleaning procedure should be made monthly or as environmental conditions require, maintaining good functionality.
